## **Minebea Co., Ltd.**

**First Half of Fiscal Year Ending March 31, 2006**

**Supplementary Financial Data**

**(November 1, 2005)**

Any statements in the presentation which are not an historical fact are future projections made based on certain assumptions and our management's judgment drawn from currently available information.

Please note that actual performance may vary significantly from any particular projection, due to various factors.

Factors affecting our actual performance include: (i) changes in economic indicators surrounding us or demand trends; (ii) fluctuation of foreign exchange rates or interest rates; and (iii) our ability to continue R&D, manufacturing and marketing in a timely manner in the electronics business sector, where technological innovations are rapid and new products are launched continuously. However, this is not a complete list of the factors affecting actual performance.

※ EPS : Net income per share before dilution

※ Number of outstanding shares : Total number of shares issued -Treasury stock

※ Quarterly EPS is calculated by dividing aggregate net income from the first quarter by total weighted average number of shares outstanding from the first quarter then subtracting, thus the average number of shares outstanding from the first quarter is shown for the quarterly average shares
