July 2010

Through purchases from CARBON OFFSET JAPAN, we effectively reduced 1,104kg of CO<sub>2</sub> emissions per 2,000 copies from all processes related to publishing this report.

The waterless printing method used for this publication minimized the usage and releases of harmful liquid wastes.

Recognizing the importance of utilizing domestic wood products and nurturing domestic forests, Minebea Co., Ltd., supports the KIZUKAI-UNDOH ("Wood Products Utilization Campaign"), which is being promoted by Japan's Forestry Agency. The 3.9 GREENSTYLE mark is one of the campaign's logos. The production of reports such as this contributes to the use of domestic wood in papermaking materials, and thus to the increased absorption of CO<sub>2</sub> by trees grown in Japan.
