### 1. Basic Explanation of the Company’s Organization

MinebeaMitsumi makes fast and highly strategic business judgments by limiting the Board of Directors to no more than 12 people. At the same time, by introducing an executive officer system, we have delegated significant authority from the Board of Directors to executive officers, and clearly divided the role of management/supervision functions from execution functions.

Moreover, with the aim of obtaining advice on all aspects of corporate management and strengthening the Board of Directors’ functions to supervise organizations responsible for execution of duties, we have included two external members in the Board of Directors.

Furthermore, regarding the Audit & Supervisory Board Members, in order to strengthen and enhance its auditing functions, we have three Outside Audit & Supervisory Board Members (including one Standing Outside Audit & Supervisory Board Member) out of the four Board members.

In addition to holding the Audit & Supervisory Board and attending the Board of Directors’ meetings and other important meetings, the Audit & Supervisory Board Members, in conjunction with the Independent Auditors, and the Internal Auditing Office, audit domestic offices and MinebeaMitsumi Group companies, to carry out auditing the activities of directors.
